Ref: List of herbicides

Mr. Tom Montoya

Forest Supervisor

Wallowa-Whitman National Forest

The purpose of this letter is to add my support for adding aminopyralid to the Forest list of approved herbicides.

I recommend this addition because of the effectiveness of this herbicide on some of the areas most troublesome evasive weeds.

This recommendation is made after 40 years of working in the weed programs across Baker, Union, and Wallowa Counties.

Sincerely,

A handwritten signature in dark ink that reads 'David L. Clemens' with a long, sweeping horizontal line extending to the right.

David L. Clemens

Ex Baker County Weed Supervisor
